Database Management Systems: MS SQL Server, Azure Data Studio

Education

Associate of Applied Science: Web and Software Developer

Waukesha County Technical College, Pewaukee, WI   *August 2019 - August 2021*

- Awarded 4.0 GPA every semester at WCTC

Bachelor of Arts: Pre-Seminary Program

Martin Luther College, New Ulm, MN   *August 2010 - May 2014*

Projects

Web and Software Capstone Project

Waukesha County Technical College, Pewaukee, WI

- Collaborated with an Agile Scrum team to develop a .Net Web Service and Vue.js Single Page Application for WCTC Bookstore Textbook Requisitions.
- Designed and implemented website layout and functionality using Vue components.
- Applied security best practices with Identity Framework and JSON Web Tokens (JWT).

Volunteer Website Consulting

Camp Phillip, Wautoma, WI (Remote)

- Advised camp staff on best technologies and practices to redesign their website.
- Customized website template with CSS for responsive design and improved user experience.

Work Experience

Customer Service Representative

Northwestern Publishing House, Milwaukee, WI   *September 2015 - July 2016*

- Communicated effectively and patiently with customers to complete in-store transactions.
- Added hundreds of product description records to the database of NPH's new website.
- Mentored representatives on using POS tech effectively, leading to decreased customer wait time.

Counselor and Program Leader

Camp Phillip, Wautoma, WI   *Summers 2011 - 2015*

- Collaborated with other camp counselors to design fun and enriching activities for campers.
- Supported teen volunteers with specific feedback and friendly mentoring.
